

## Health Insurance Information

In accordance with Korean National Health Insurance Act Article 109, from March 1, 2021, all foreigners residing in Korea must hold the membership of National Health Insurance Service (NHIS), and with the NHIS membership, international students will receive the same benefits as other Koreans. Since membership for NHIS is mandatory for all international, application for membership is not required. Student visa(D-2) holders will be automatically registered for the NHIS membership as soon as their alien registrations are completed.

### Premium:

NHIS premium will be notified to the individual membership through a monthly bill. Information for the individual's monthly premium can be found through the NHIS office through the website or by calling to help centers below.

- Student visa (D-2) holders:  
Starting from March 2023, 50% discounted rate will be applied.
- International Students holding other than student visa (D-2):  
NHIS premium for the F-4 (Overseas Korean) or D-6 (Religious) Visa holders in the master's degree program is the same as the local membership holders. Otherwise, the premiums will be calculated the same as workplace membership holders. Imposed premium may be differed to the individuals depending on their reported personal assets.

### Note:

- Bank Balance: Payment for Korean National Health Insurance membership runs as a monthly pre-paid system. Thus, on 25<sup>th</sup> of each month, the premium for the upcoming month will be taken out of your registered bank account. Please be sure to maintain the balance for your membership payment on the 25th.
- Premium Information: NHI Premium for the coming year are confirmed at the end of November, thus, membership holders are advised to check its premium information in early December.

For more information on National Health Insurance benefit, please visit Korean National Health Insurance Homepage (<https://www.nhis.or.kr/english>).
