The 9th International Forum for Migrant Mission

# 이주민 차세대와 한국인 차세대가 하나되는 Next Generation in the Multi-Culture

2016.5.5(Thu) 13:00

Myung Sung Church, Shalom Hall

국제이주자선교포럼

## Greeting Message

Number of foreigners dramatically increased and it's reached 1 million in 2007 and this jumped up to 2millions (including international marriage) by 2015. This number are predicted to increase up 3 million moreover 5 million which means 10 percent of total population. Korean churches must be preparing this new generation by wisdom and spiritually.

Meanwhile, the government has been adapted Hines Ward's institutionalized cultural course to the foreign women married who married Korean men in 2006. Government supported budget those cultural courses but that was not right way of globalization that's self-centered assimilation process.

When Jesus summarized Old Testament was "Thou shalt love thy neighbor as thyself, " as I have loved you, love one another" new commandment given in the New Testament (John 15:12). Jesus changed concept of loving neighborhood. It was also self-centered love in old testament but Jesus said love one another and it's shift from self to others.

We should not love foreigners based on our stereotype or feeling or oppositely we should not be following them or their as blind. We should learn from Jesus by His wisdom. Not only said come to me to the foreigners, come to them initially and to become one front of Jesus.

Young generation could be more open and valuable to change their mind from self-centered. Until now there is event only for Koreans youth generation or foreigners by each nation separately. But we really expect to became one through this forum both Korean & foreign young generation people. Even though our nationality is different we are one front of God and prepare together for better future, make God happy.

International Forum for Migrant Mission  
Honorary Chairman Pastor Kim Sam Hwan  
Chairman Pastor Yoo Jung Man
